

How much have you saved with your Co-op Connections® Card?

Responses from our recent survey showed that many members have not been using their card because they lost it, don't understand the program, or they don't know where they can use it.

What is it? As a Citizens Electric member, the Card entitles you to receive specific discounts on products and services at businesses that honor this nationwide Touchstone Energy® Program.

Does it cost to use it or participate in the program? No, this member program is absolutely free and is designed to benefit all CEC members and businesses that participate.

Can I get another card if I lost mine? Yes, just write a note on your bill payment stub or call.

Where can I use the Card? A complete listing is available when you click on the Card at www.cecmo.com. If you do not have internet access, look for the Co-op Connections sticker on the doors or windows of participating businesses.

Why should a business participate?

Businesses that sign onto the program get free exposure to more than 26,000 Citizens Electric members and over 25 million Touchstone Energy members nationwide at www.connections.coop.

For any questions on the Co-op Connections program, call CEC's Member Service Department at 877-876-3511 or email citizens@cecmo.com.
